

PRODUCT GUIDANCE SHEET

SHAMWAX

OVERVIEW:

Our premium, high-tech wash & wax shampoo. Gives a superb clean with an amazing water-repellent high gloss finish. Rinse water runs off rapidly leaving a virtually dry surface, reducing water-spotting and making drying the car practically effortless. Pleasant apple fragrance.

APPLICATIONS:

Suitable for manual washing of cars, vans, lorries, caravans, motor homes and even boats. Safe for use on stainless steel, chromed steel, aluminium, gelcoat, fibreglass, plastic, polycarbonate, glass and painted metals.

DIRECTIONS FOR USE:

Wet the surface fully before use; add 80-150ml shampoo per 8 litres of water. Agitate the surface with a sponge/wash mitt or brush.

Rinse well with clean water and dry with a flexi-blade, flunky or chamois leather for brilliant smear free finish.

HEALTH & SAFETY:

NOTE: COSHH assessments should be performed in line with current legislation to determine the required precautions.

DANGER

Causes serious eye damage.

Keep out of reach of children.

Wear protective gloves/protective clothing/eye protection/face protection.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

See MSDS for further information.
