

## PRODUCT GUIDANCE SHEET

### GLASS & MIRROR

*New and Improved for Summer 2017*

#### OVERVIEW:

A highly effective streak-free and quick drying spray glass cleaner, great for removing road grime, bugs and tree sap from automotive glass and for the cleaning of dirt and grime from virtually any glass surface. Also suitable for use on transparent plastics, chromium, steel, laminates and ceramic tiles.

#### APPLICATIONS:

Safe for use on glass, mirrors, polycarbonate and flexible plastics such as cabriolet roof window panels. Can be used on vehicle glass, household windows, conservatories, caravan and motorhome windows, shower screens, picture frames, orangeries, greenhouses and even solar panels. Will also clean most smooth non-porous surfaces such as stainless steel, chrome, plastics, ceramic tiles and laminate surfaces such as furniture, worktops and floors.

#### DIRECTIONS FOR USE:

Spray sparingly onto surface to be cleaned, for heavy soils allow to penetrate for a short time.

Wipe over the surface and buff dry with a clean, dry cloth or paper towel for a sparkling, non-smear finish.

Do not apply in strong direct sunlight.

#### HEALTH & SAFETY:

In compliance with EC regulation no. 1272/2008 and its amendments, this mixture does not present a physical hazard.

**See MSDS for further information.**
